

LINDA K. LOSCHIAVO

ARTIST / VISUAL DESIGN

PORTFOLIO

ABOUT THE ARTIST

I studied Art and Photography at Northern Kentucky University and the University of Cincinnati. My first position was in Visual Merchandising and Display for a high-end department store. I then worked in Sales Management positions for most of my career.

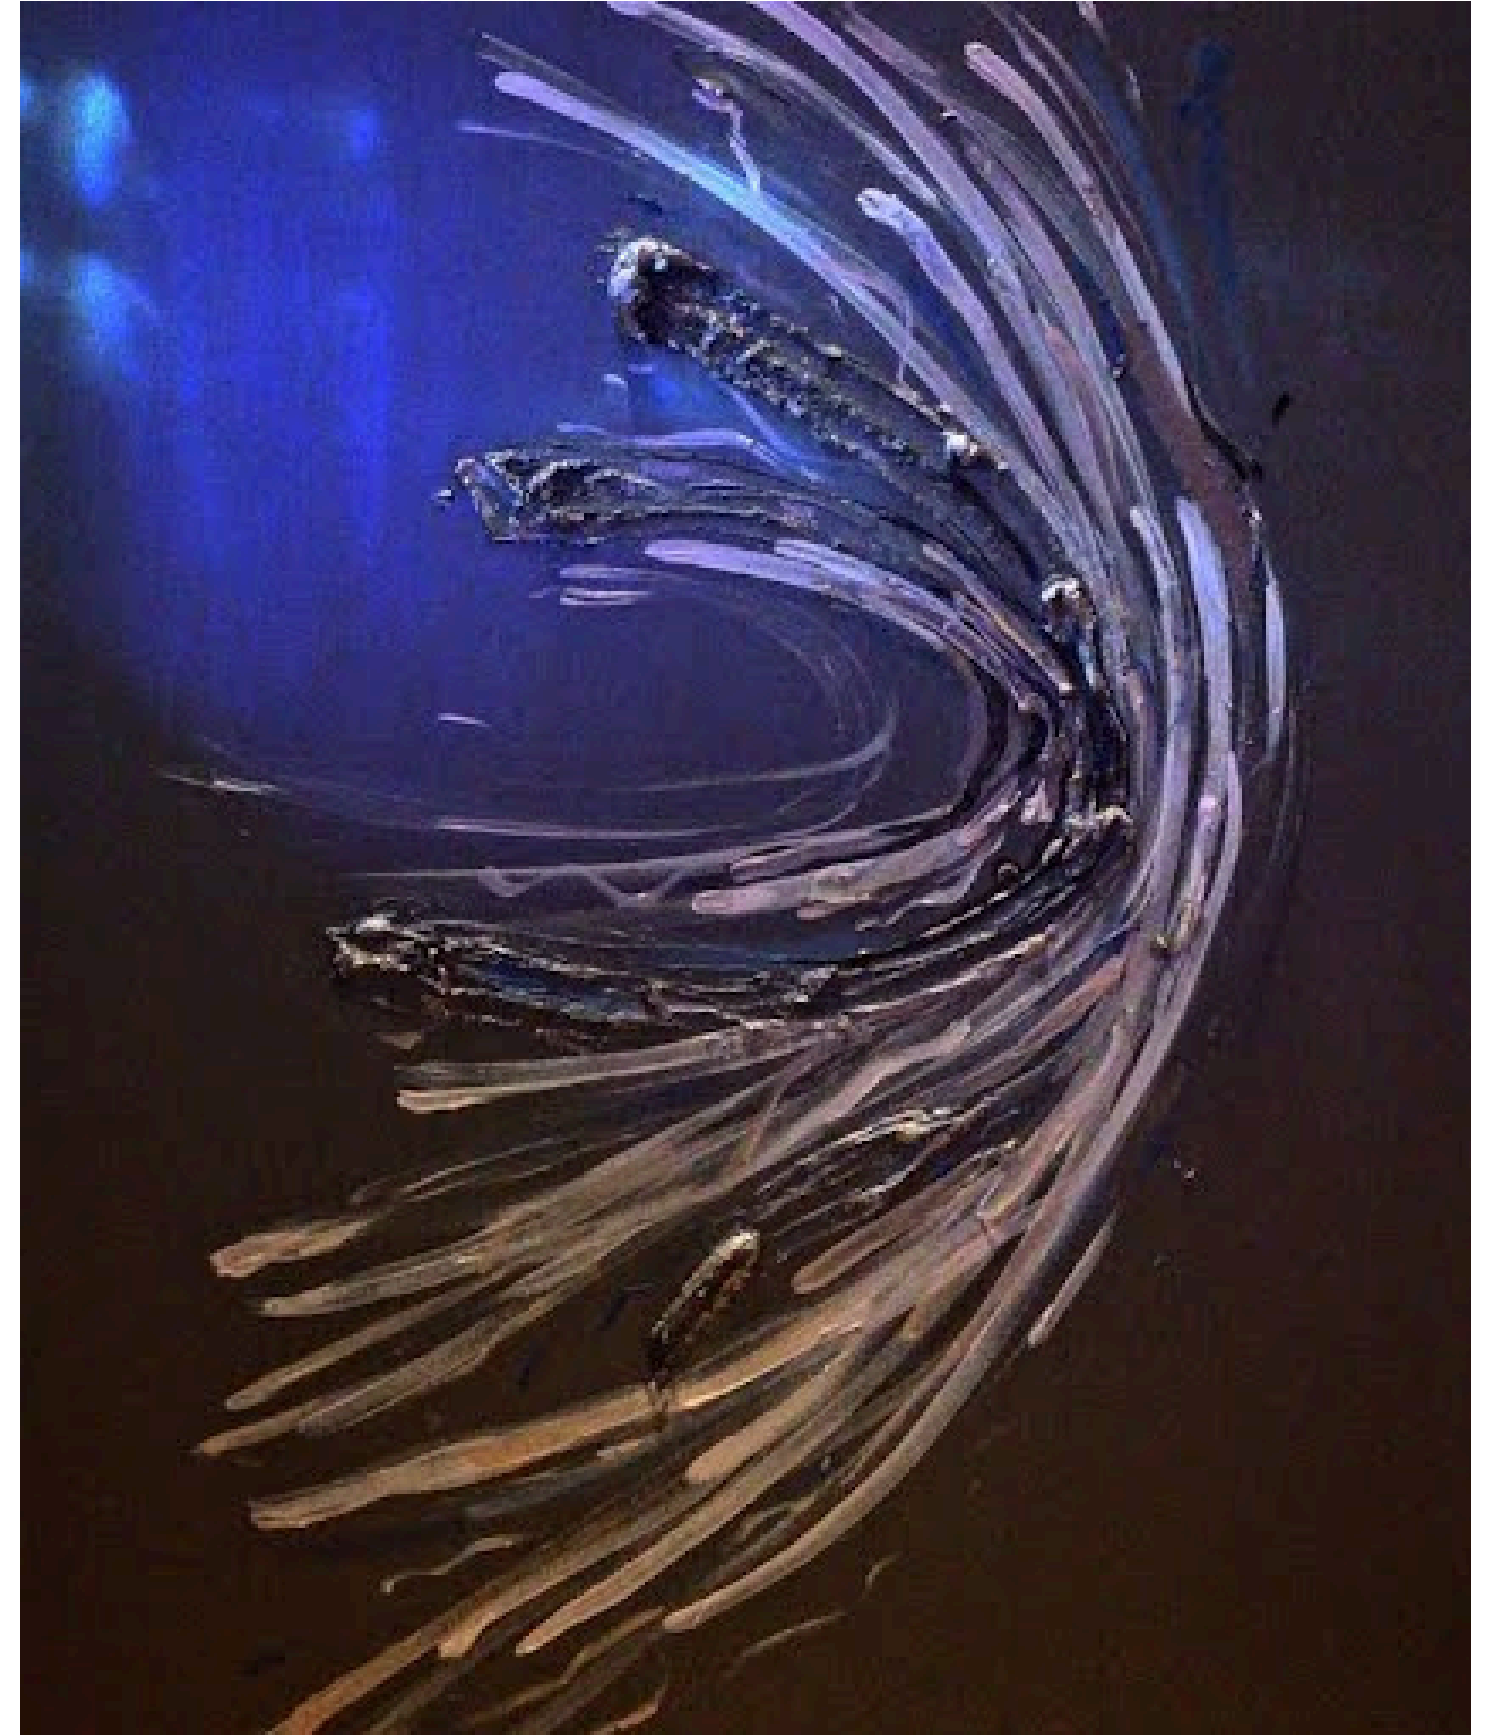

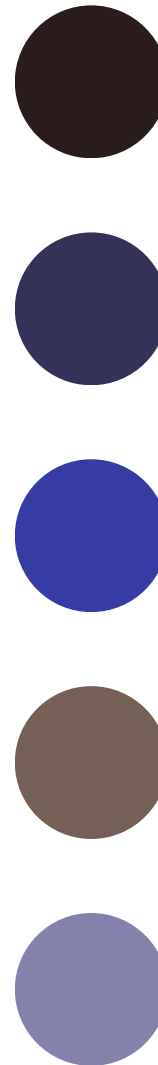

My dream was always to have my own gallery and sell my art. In 2011, I opened Upper Eden boutique/Art gallery. Now, I live my dream by selling my own art and the work of other local artists.

MY PROCESS OF CREATING

My inspiration is the fluid grace of motion and light. I am drawn to organic lines and authentic materials, layers that reveal patterns that make the eye dance.

I am known for building texture which adds a dramatic effect to the piece. Abstract art is a story interpreted differently by each viewer. My artistic creations involve engaging all the senses, capturing the soul and heartbeat of emotions and bringing them to life.

My art in itself is about self discovery. Inspired by a greater power of imagination and intuition.
